

September 2020 Classes

Our normal plan is to rejig classes slightly each year for rebalancing class dynamics. This year asides from small changes in a few bespoke cases we would continue in the same classes. We have spoken to all of those we propose a change to. If you have not been contacted your child's class remains the same and will move up in the majority of cases with familiar adults. We will have through handover's in school and remain in contact with you about how best to support you and your child.
